- 3. Start the work.** Jigsaw's cross-functional team will remain flexible to finish your project on time and within budget.

Questions Jigsaw Experts May Ask You

Issue: What's the problem you need fixed?

Location: Where is it? Will Jigsaw have access to the site? Is there any trouble with the neighbors or nearby landowners that Jigsaw needs to know about?

History: Has there been any previous work done on your site?

Legal: Do you have the right to let Jigsaw work on it?

Budget: What's your budget on this project?

Timeline: When do you need it finished?

Goal: What is your desired outcome?

Jigsaw Will Help You...

- **Problem-solve**, so you can choose from multiple options
- **Navigate** regulatory issues and permitting requirements
- **Design the best solution** so you end up with a high-quality, innovative solution that fits within your timeframe and budget
